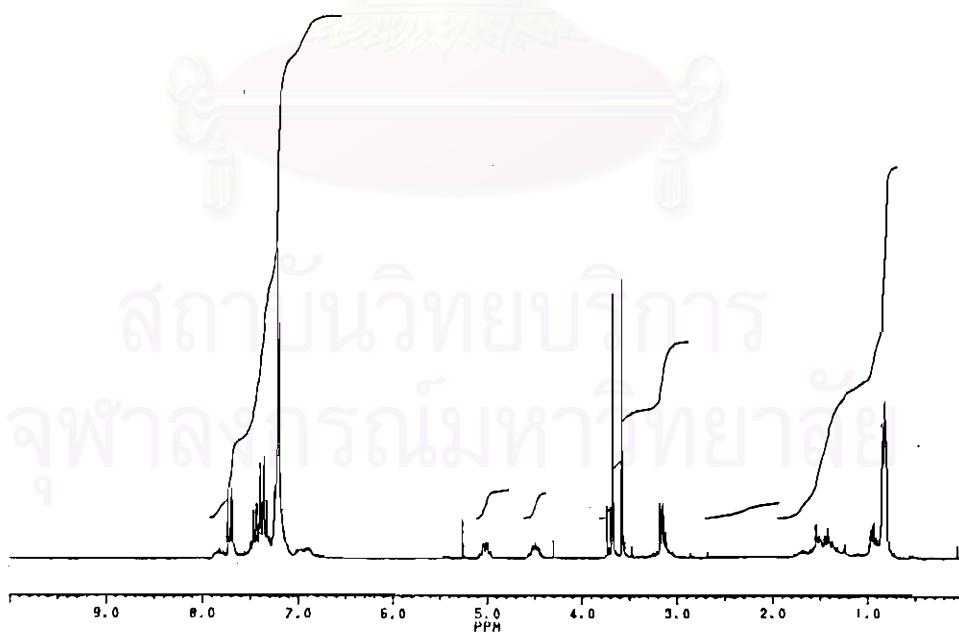

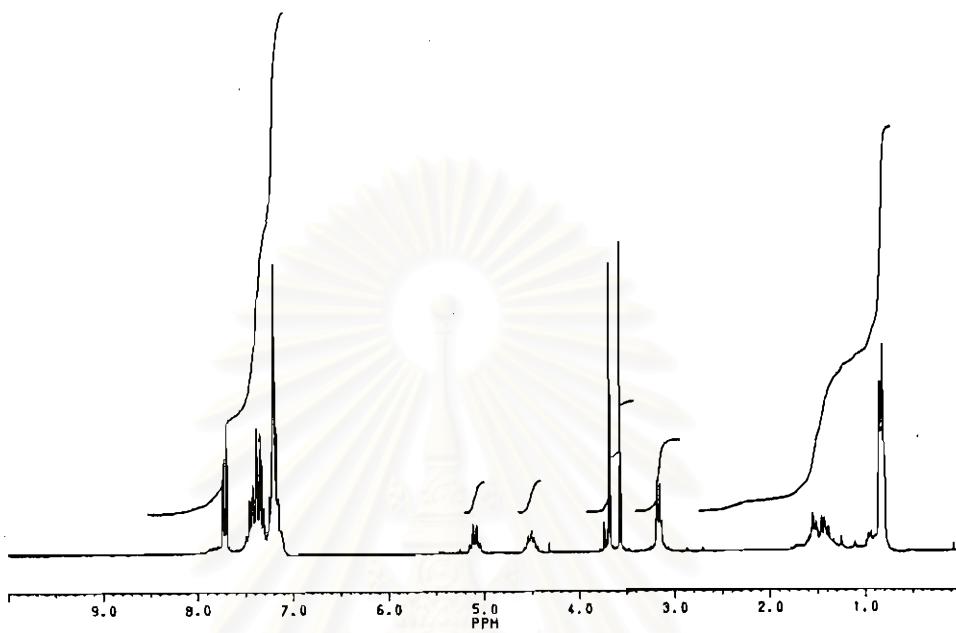

Figure 109: ¹H NMR (CDCl_3) of Bz-Phe-Leu-OMe obtained from different peptide coupling reagents (continued)

a) reagent (**4c**)+HOBt 0.5 eq in DMF

b) reagent (**4c**)+HOBt 1 eq, Et₃N in DMF

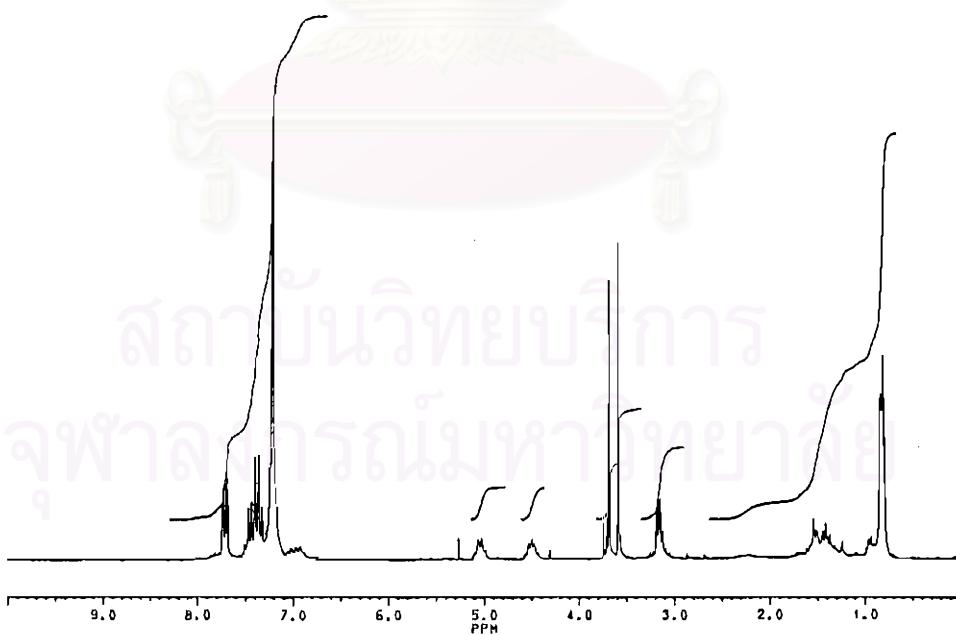

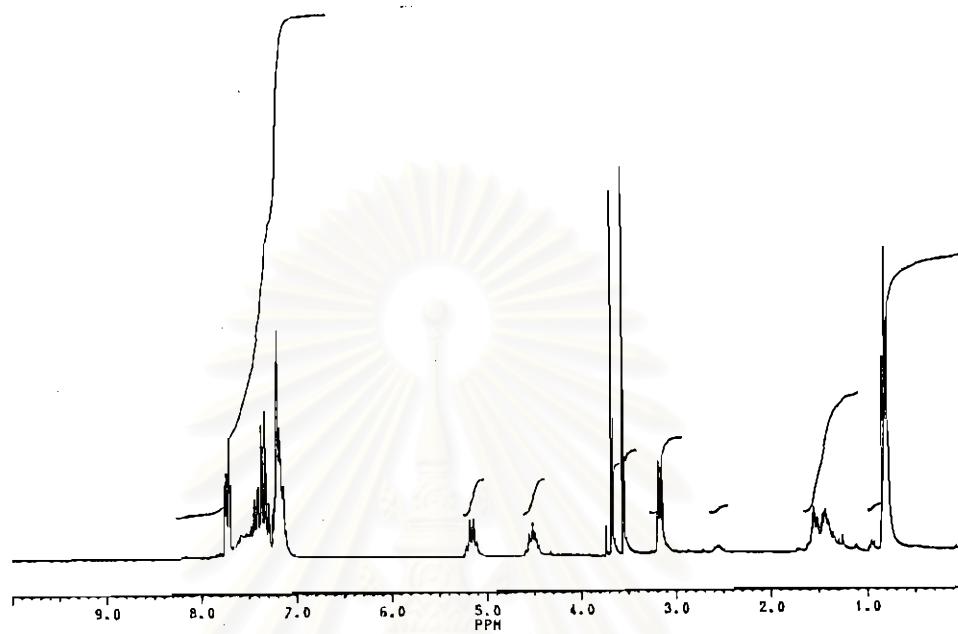

Figure 110: ¹H NMR (CDCl₃) of Bz-Phe-Leu-OMe obtained from reagent (**4c**)+ HOBt as coupling reagent under various conditions

c) reagent (4c)+HOBt 1 eq, DIEA in DMF

d) reagent (4c)+HOBt 1 eq, Et₃N in acetonitrile

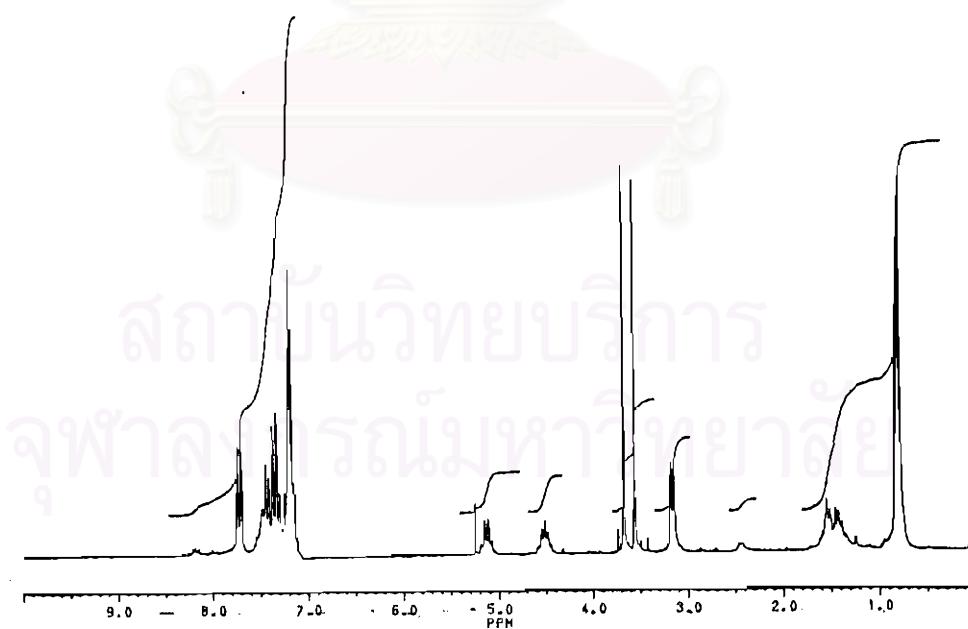

Figure 110: ¹H NMR (CDCl_3) of Bz-Phe-Leu-OMe obtained from reagent (4c)+ HOBt as coupling reagent under various conditions (continued)

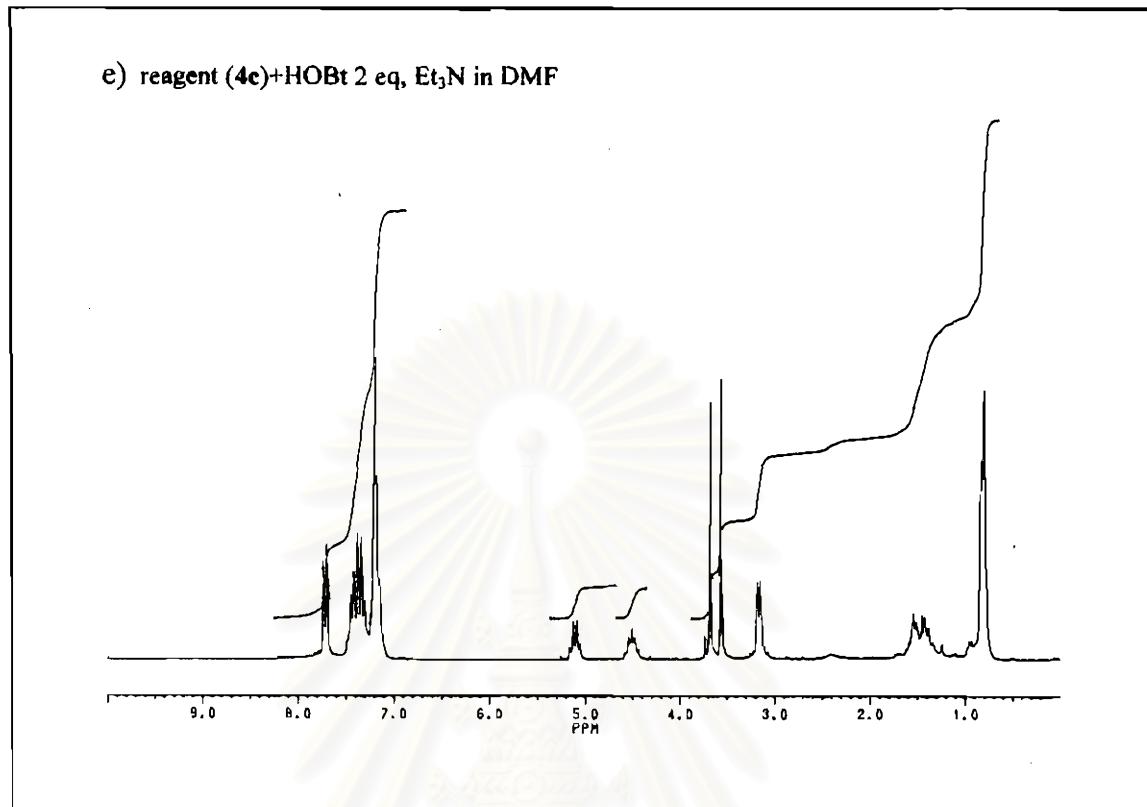

Figure 110: ¹H NMR (CDCl₃) of Bz-Phe-Leu-OMe obtained from reagent (**4c**)+ HOBt as coupling reagent under various conditions (continued)

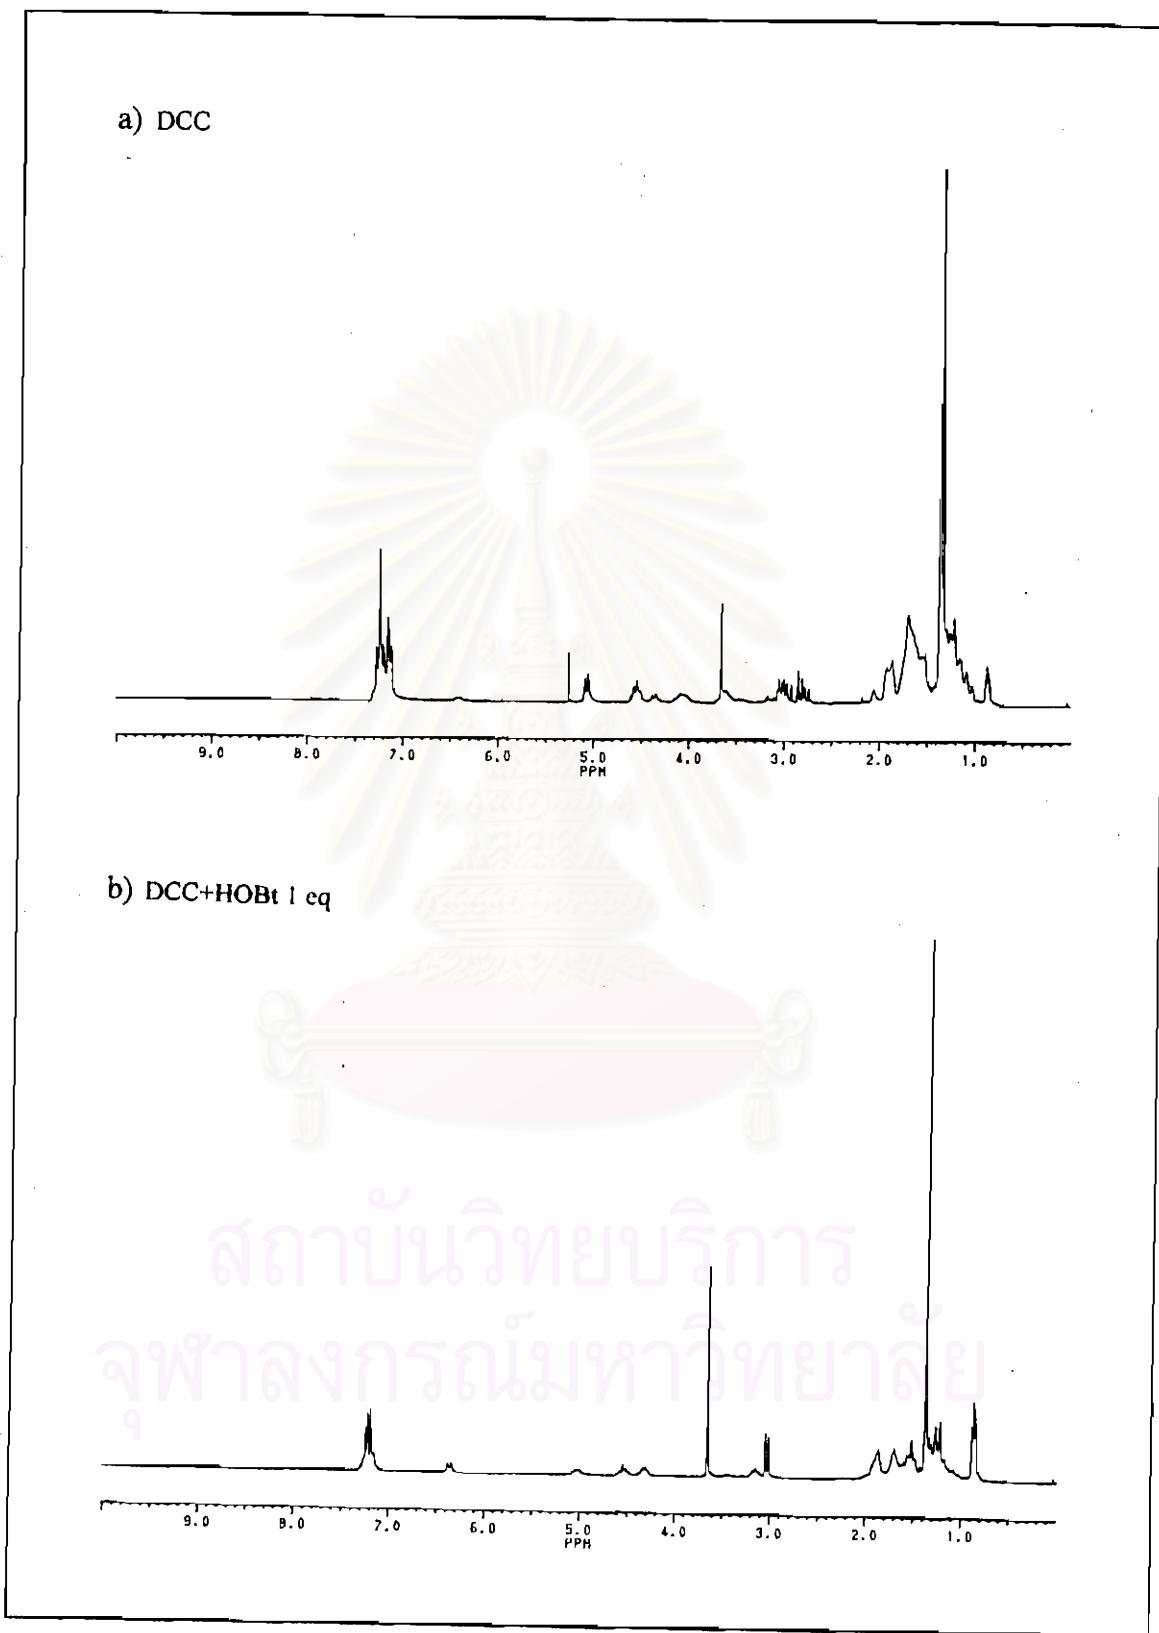

Figure 111: ^1H NMR (CDCl_3) of Boc-Phe-Leu-OMe obtained from different peptide coupling reagents

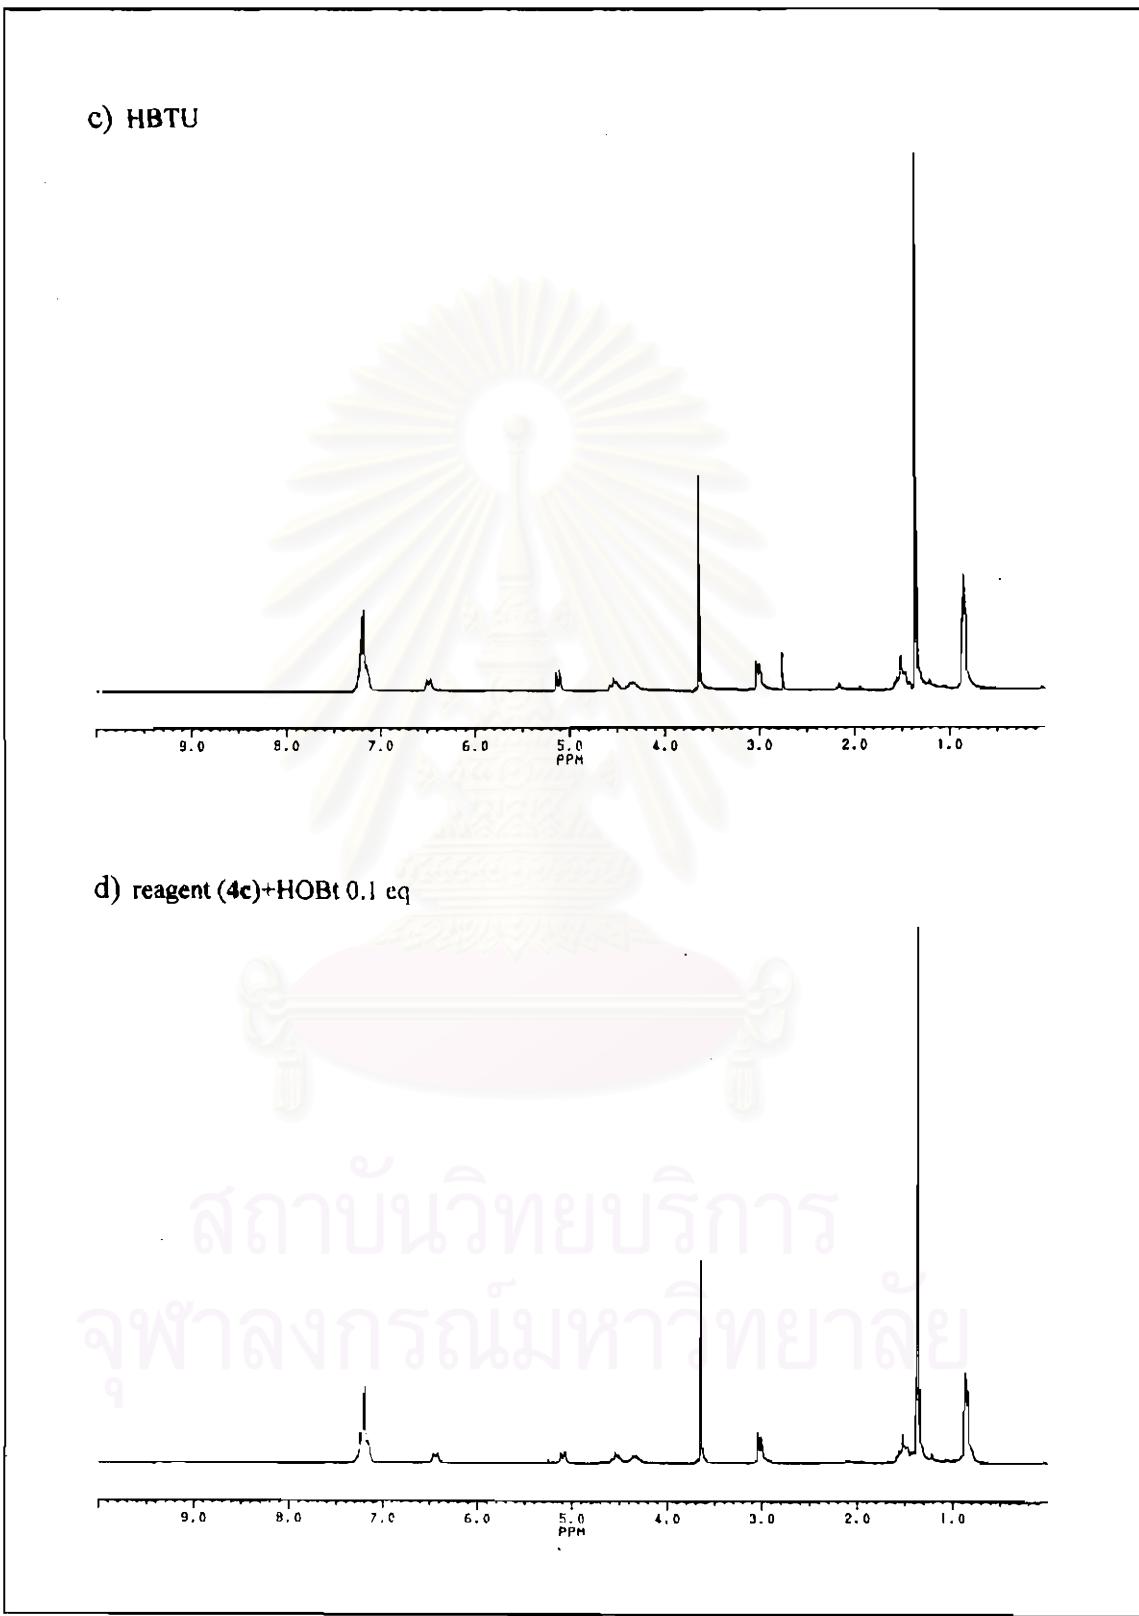

Figure 111: ^1H NMR (CDCl_3) of Boc-Phe-Leu-OMe obtained from different peptide coupling reagents (continued)

VITA

Khanitha Pudhom was born on February 4, 1974 in Bangkok, Thailand. She received the Bachelor Degree of Science in Chemistry from Chulalongkorn University in 1995. In the same year, she became a staff at Department of Chemistry, Faculty of Science, Chulalongkorn University. In 1998 she became a student in graduate school at Chulalongkorn University studying in Chemistry and has been studying since then. She graduated with the Master Degree of Science in 1999.
