สารสกัดจากแก่นของต้นมะหาด เมื่อผ่านกระบวนการทางเคมีทางเคมีและแยกสารได้ 5
ชนิด ได้แก่ β -sitosterol, stigmasterol, cycloartocarpin, 2,4-dihydroxybenzal-dehyde และ 3,5,2',4'-tetrahydroxystilbene ผลสูจน์เอกลักษณ์ของสารที่ได้ทางกายภาพ และ¹
ทางเคมี แสดงว่าสาร cycloartocarpin และ 2,4-dihydroxybenzaldehyde ถูกรายงานเป็นครั้งแรกในพืชชนิดนี้

Five compounds, β -sitosterol, stigmasterol, cycloartocarpin, 2,4-dihydroxybenzaldehyde and 3,5,2',4'-tetrahydroxystilbene were isolated from the heartwood of Artocarpus lakoocha Roxb. extract by mean of chromatographic techniques. All the compounds were identified by physical properties and chemical reactions and structures were elucidated by spectroscopic techniques. Cycloartocarpin and 2,4-dihydroxybenzaldehyde were reported the first time in this plant.

ACKNOWLEDGEMENTS

I am deeply indebted to my thesis advisor, Associate Professor Dr. Sunibhond Pummangura, Department of Pharmaceutical Chemistry, Faculty of Pharmaceutical Sciences, Chulalongkorn University for his guidance suggestion, valuable advice throughout my period of study.

I wish to express my grateful appreciation to my thesis co-advisor, Associate Professor Darawan Tanyavutti, Department of Pharmaceutical Chemistry, Faculty of Pharmaceutical Sciences, Chulalongkorn University for her kindly assistance and valuable advice.

I would like to acknowledge my sincere thank to Assistant Professor Dr. Chamnan Patarapanich, Department of Pharmaceutical Chemistry, Faculty of Pharmaceutical Sciences, Chulalongkorn University for his kindness, encouragement and valuable advice.

I wish to thank the University Development Commission (UDC) for a scholarship throughout the period of study and Graduate School of Chulalongkorn University for granting partial financial support.

I would also like to thank all staff member of the Department of Pharmaceutical Chemistry, Faculty of Pharmaceutical Sciences, Chulalongkorn University and all my friends in the Department of Pharmaceutical Chemistry for their kindness and helps.

Finally, I wish to express my infinite gratitude to my family for their love understanding and encouragment.
