BIOGRAPHY

Miss Mananya Phiancharoen was born on the 17th of March 1972. She received her Bachelor's Degree of Biology from the Faculty of Science, Silpakorn University in 1993. In 1997, she got a Master's Degree in Zoology from Department of Biology, Faculty of Science, Chulalongkorn University. Her Ph.D. study in Biological Science program at the Faculty of Science, Chulalongkorn University was funded by the Royal Golden Jubilee (Ph.D. Program) of the Thailand Research Fund in 2000, and the University Affairs in 2002. After graduation, she will be a lecturer at King Mongkut's University of Technology Thonburi, Bangkok, Thailand.
