BIBLIOGRAPHY

Poster presentation and proceeding

“Preparation of citric acid-doped polyaniline fibrous membrane by electrospinning for ammonia sensing” Kantipa Sitlaothaworn, Puttaruksa Varanusupakul. Poster presentation, *Thirty fourth Congress on Science and Technology of Thailand (STT 2008)*, Queen Sirikit National Convention Center, Bangkok, Thailand, 31 October – 2 November, 2008.

“Electrospun fibrous membrane of citric acid doped polyaniline blended polyvinyl alcohol for ammonia sensing” Kantipa Sitlaothaworn, Puttaruksa Varanusupakul. Poster presentation and proceeding, *Pure and Applied Chemistry International Conference 2009*, Naresuan University, Phitsanulok, Thailand, 14-16 January, 2009.

VITA

Miss Kantipa Sitlaothaworn was born on October 29, 1982 in Bangkok, Thailand. She graduated with a Bachelor of Science degree in Chulalongkorn University in 2005. After that, she has been a graduated student at the Department of Chemistry Chulalongkorn University and become a member of Chromatography and Separation Research Unit. She finished her Master's degree of Science in 2008.
