Vitae

Suvena Somabutr was born on June 17, 1976 in Bangkok, Thailand. She received her B.Eng. in Chemical Engineering from the Faculty of Engineering, Mahidol University in 1997. She received M.Sc. in Petrochemical Technology from Petroleum and Petrochemical College, Chulalongkorn University with the partnership of The University of Michigan, Case Western Reserve University, and University of Oklahoma in 2000. She has been a graduate student in the Master's Degree Program in Petroleum Engineering of the Department of Mining and Petroleum Engineering, Chulalongkorn University since 2004.
