Mr. Ronnachai Moordee was born on 21 May 1956, in Bangkok, Thailand. I got Bachelor degree of Science (Biology) from Department of Biology, Faculty of Science, Srinakarinwirot University (Prasarnmitr Campus), in 1980. Now, I am an governmental officer (Marine fisheries biologist, P.C. 4) at Marine Fisheries Division, Department of Fisheries, Ministry of Agricultures and Cooperatives. Publications are as follows :-

Chanpongsang, A., and R. Moordee, "A Preliminary Study of Some Heavy Metals in Sea Water and Sediments Off the West Coast of Thailand." In Report of the Thai-Japanese-SEAFDEC Joint Oceangrophic and Fishing Survey in the Andaman Sea on Board Nagasaki-Maru, pp. 185-203. Edited and Printed by The Southeast Asian Fisheries Development Center, Samutprakarn, Thailand; (1982).

Tanapong, C., and R. Moordee, "The Benthic Fauna and Bottom Environments in the Middle Gulf of Thailand (areal)." Technical Paper of Exploratory Fishing Div., Dept. of Fisheries, Ministry of Agriculture and Cooperatives; 25 pp., (1982), (in Thai).

Kausirikul, P., R. Moordee, P. Supawiwat, N. Weerawaitaya, and T. Yongwanishset., "Investigations on the Marine Fauna along the Coast of Ang Sila, Bang Saen and Siracha, 1982." In Proceedings of the third Seminar on the Water Quality and the Quality of Living Resources in Thai Waters., pp. 388-402. Edited by Assoc. Prof. S. Tamiyavanich, Dept. Mar. Sci., Fac. Sci., Chulalongkorn Univ., (1984).

Sudara, S., A. Snidvongs, R. Moordee, T. Yeemin, and V. Manthachitra., "Coral Reef Condition and Ecosystem of Nok Island," PAAS Consortium Report Submitted to the Port Authority of Thailand; 22 pp, (1985).

Moordee, R., "Biodestruction Agents in Porites lutea of Ko Kang Kao, Sichang." In the Third Seminar on Marine Science by National Research Council of Thailand., (1986), (Abstract).

Tsuchiya, M., R. Moordee, V. Manthachitra, and Y. Nakasone., "Distribution of Subtidal Macrobenthic Animals around Khang Kao and Tai Ta Mun Islands, the Sichang Group, the Inner Most Part of the Gulf of Thailand." Galaxea, 5 (1), 75-96, (1986).
