CURRICULUM VITAE

Mr. Varagorn Piputnchonlathee was born on April 20, 1973 in Ayuthaya. At the beginning of 1990, he was awarded a DPST (Development and Promotion of Science and Technology for talents project) scholarship for study in basic science subjects at Chulalongkorn University. He has received a Bachelor of Science degree concentrating on physics from Chulalongkorn University in 1994.
