CURRICULUM VITAE

Name: Miss Siraprapha Dokjampa

Date of Birth: April 25, 1981

Nationality: Thai

University Education:

1998-2001 Bachelor Degree of Engineering, Faculty of Chemical Engineering, Prince of Songkla University, Songkla, Thailand

Awards / Scholarships:

1. Full Scholarship, The Petroleum and Petrochemical College, Chulalongkorn University, 2002-2003.
2. Full Scholarship, Royal Golden Jubilee Ph.D. Program, Thailand Research Fund, 2002-2006.
3. Best Oral Presentation Award, Royal Golden Jubilee – Ph.D. Congress V, Pattaya, Thailand, April 23-25, 2004.

Publications:

1. Dokjampa, S., Rirksomboon, T., Jongpatiwut, S., Osuwan, S., and Resasco, D.E. (2007) Comparative study of hydrogenation of tetralin on supported Ni, Pt, and Pd catalysts. Catalysis Today, 123, 218-223.
2. Dokjampa, S., Rirksomboon, T., Jongpatiwut, S., Osuwan, S., Resasco, D.E., and Do, P. T. (2007) Ring opening of 1,3-dimethylcyclohexane on Ir catalysts. Modification of product distribution by addition of Ni and K to improve fuel properties. Journal of Molecular Catalysis A: Chemical, 274, 231-240.
3. González-Cortés, S. L., Li, Z., Do P. T., Dokjampa S., Alvarez, W. E. Requejo, F. G., Resasco, D. E. Tuning the selective ring-opening of 1,3-dimethylcyclohexane with the addition of potassium over Ir-containing catalyst, being prepared.

Proceedings:

1. Dokjampa, S., Rirksomboon T., Jongpatiwut, S., Osuwan, S., and Resasco, D.E.

- (2004, December 1-3) Hydrogenation of monoaromatics on nickel catalysts. Proceedings of Regional Symposium on Chemical Engineering 2004 in conjunction with The 14th National Chemical Engineering and Applied Chemistry, Bangkok, Thailand.
2. Dokjampa, S., Rirksomboon, T., Jongpatiwut, S., Osuwan, S., and Resasco, D.E. (2005, October 30-November 4) Comparative study of the hydrogenation of tetralin on supported Ni, Pt, and Pd catalysts. Paper presented at Proceedings of AIChE Annual Conference 2005, Cincinnati, OH, USA.

Presentations:

1. Dokjampa, S., Rirksomboon, T., Osuwan, S., Jongpatiwut, S., and Resasco, D.E. (2004, April 23 - 25) Hydrogenation and ring-opening of tetralin on Nickel catalyst. Paper presented at Royal Golden Jubilee – Ph.D. Congress VII, Pattaya, Thailand.
2. Dokjampa, S., Rirksomboon, T., Jongpatiwut, S., Osuwan, S., and Resasco, D.E. (2006, April 1) Comparative study of the hydrogenation of tetralin on supported Ni, Pt, and Pd catalysts. Paper presented at 51st Annual Pentasectional Meeting, Bartlesville, OK, USA.
3. Dokjampa, S., Rirksomboon, T., Jongpatiwut, S., Osuwan, S., Resasco, D.E., and Do, P. T. (2006, November 12 – 17) Ring Opening of 1,3-Dimethylcyclohexane: Effects of Ni and K on supported Iridium catalysts. Paper presented at AIChE Annual Conference 2006, San Francisco, CA, USA.
4. Dokjampa, S., Rirksomboon, T., Jongpatiwut, S., Osuwan, S., and Resasco, D.E. (2006, December 6-8) Ring opening of 1,3-dimethylcyclohexane on Ir catalysts: modification of product distribution by addition of Ni and K to improve fuel properties. Paper presented at the 4th Asia Pacific Congress on Catalysis (APCAT4), Singapore.
