Ms. Ratchat Chantawongvuti was born on February 10th, 1977 in Bangkok. She finished her secondary school from Mater Dei School in March, 1995. After that, she studied in the major of Chemical Engineering in Faculty of Engineering at Chulalongkorn University. She continued her further study in Master's degree in Chemical Engineering at Chulalongkorn University. She participated in Biochemical Engineering Laboratories her Master's degree in April, 2004.
